

The process is very simple to place immigrants.moderncourts.org “website app” on your iPhone or iPad or Android.

Here's how it works:

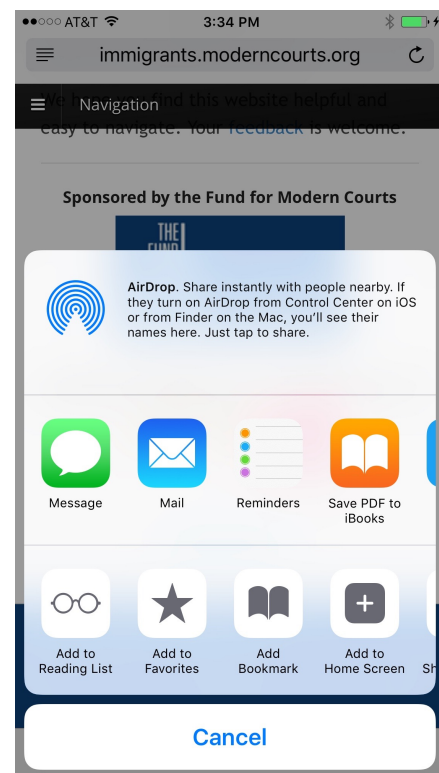

IPHONE! SAFARI

ANDROID! CHROME

- Type in our URL: **immigrants.moderncourt.org**
- This will load the web site.
- On iPhone at the bottom of the screen you'll see an icon depicting an arrow that looks like it's trying to get away from a square. So tap this button and you have choices – use the one ADD TO HOME SCREEN. (Android Tap the menu button and tap Add to homescreen)

- When you're done it'll show up on your home screen and you'll never have to type in that URL ever again.
